

Industry Research

- Neil Davies
- Mikhail Tsykin
- Larry Wittorff
- Martin Kirk
- Karl Schopmeyer
- Tom Bishop
- Ron Higgin
- Fred Hammond

Items:

- Identify previous work
 - Finding all the relevant bodies
 - Industry Groups
 - DMTF – Karl S. is the liaison from DMTF to AQRM
 - GGF / Globus
 - IETF
 - OASIS – Karl S. is the liaison from OASIS to AQRM
 - ITIL Process work
 - Data Warehousing
 - Real Time
 - TMF Telecommunications Management Forum
 - CMG Computer Measurement Group
 - W3C
 - Products
 - CIM WEBEM
 - Fujitsu
 - SAP
 - SNI
 - IBM Tivoli Workload Manager etc.
 - BMC
 - Vieo
 - HP Openview
 - Keynote
- Best practice (develop an objective way to evaluate industry items)
- The core has to be a good object oriented model
- How do we implement the model into what we intend to produce in AQRM
- We will put up a document to edit and add to try to encompass the industry effort
