

NSI Acceptance Testing 1.0 Conformance Statement

Note to submitter: This form contains a series of questions that need to be answered. Please complete ALL the fields in the questionnaire below to produce a conformance statement for your Acceptance Testing process. Your completed form should be submitted to the Certification and Verification Authority when you register for verification. Please ensure that you use the current version of the questionnaire (available on the certification/verification web site) for your submission. See the Guide to the NSI Certification and Verification Program and Guide Supplements for more information. Please note that all information in this conformance statement will appear on the public Register of verified practices, except for the name of the Quality Manager. Revision History showing the changes in this Conformance Statement from prior versions is contained at the end of this document.

1. Submitter Information

Enter the name of the author of this Conformance Statement

3. Best Practice Implementation

Your Organization is required to implement all of the "Should" requirements in which the Practitioner is identified as "Lottery" in Appendix A of the Acceptance Testing Best Practice, or provide rationale for why the recommendation is not implemented. If there are any "Should" requirements that your Business Practice does not support at all or does not support as a normal course of business for each product you produce, please select each such requirement and supply your rationale for why your organization believes the requirement is not applicable or required.

| Rationale | <input type="text"/> |
| Requirement | <input type="text" value="None"/> |
| Rationale | <input type="text"/> |

4. Characterization of the Lottery's Acceptance Testing Process

This section identifies the optional requirements associated with the Lottery's Acceptance Testing process. Your Organization is not required to provide support for these optional requirements, but you are required to indicate which ones you support and in what capacity. Please answer each question below and provide supporting text, as appropriate.

Acceptance Test Plan

Question 1: *Does your organization perform any acceptance testing of gaming systems?*

Response:

Yes

No

Rationale:

Performing acceptance testing of gaming systems is not required by the best practice. However, for organizations that do perform acceptance testing of gaming systems, any Acceptance Test Plan that includes testing of a gaming system must meet the specific requirements identified for the Acceptance Test Plan for Gaming Systems.
