NAME

TOGAF 8 TRAINING

LABEL FOR LOGO

TOGAF 8 TRAINING

When this logo is used on, or in relation to, a product registered as conformant to this Product Standard, it must be accompanied by an attribution, in the form defined in the [TOGAF Certification Agreement](#), which includes the TOGAF 8 TRAINING Product Standard name.

DESCRIPTION

The TOGAF 8 TRAINING Product Standard defines core requirements for training courses that enable IT Architecture practitioners to acquire the necessary knowledge and awareness of TOGAF, Version 8¹ to be able to use it effectively in IT Architecture work.

CONFORMANCE REQUIREMENTS

A TOGAF 8 TRAINING certified product (hereafter referred to simply as the “course”) may be a single course, or a defined configuration of courses from a single family of related courseware. A course may be delivered by live instructor(s) or by distance learning.

A conforming course, if delivered by live instructor(s), shall have a minimum duration of four (4) days (assuming a 7-hour day). In the case of a course delivered by distance learning, the minimum period of study undertaken shall be equivalent to four (4) days (assuming a 7-hour day).

A conforming course shall enable its defined target audience to acquire the knowledge and awareness of TOGAF 8 necessary to meet the conformance requirements of the TOGAF 8 CERTIFIED Product Standard.

A conforming course may optionally cover the use of tools certified to the TOGAF 8 TOOL SUPPORT Product Standard,² for the development of IT Architectures using TOGAF.

In the case of a course delivered by one or more live instructors, all instructors shall be listed on the Certification Register as TOGAF 8 CERTIFIED.

In the case of a course delivered through distance learning, a TOGAF 8 CERTIFIED instructor shall act as a mentor and assess the training candidate.

In order for an Applicant to submit a course for certification to the TOGAF 8 TRAINING Product Standard,

-
1. TOGAF Documentation, September 2006 TOGAF, Version 8.1.1, available at: www.opengroup.org/togaf/index811.htm.
 2. Brand Program Documentation, January 2004, Architecture: TOGAF 8 TOOL SUPPORT Product Standard (X04TB), published by The Open Group.

the applicant must meet the following requirements:

- Be a current commercial licensee of TOGAF Version 8
- Commit that if they provide courses to the public they will do so on a non-discriminatory basis
- Commit to register the names of individuals who have satisfactorily completed a TOGAF 8 TRAINING certified course, and who indicate that they wish their names to be submitted for certification to the TOGAF 8 CERTIFIED Product Standard, within 30 days of the completion of the course
- Commit that they will not submit the names of individuals for certification to the TOGAF 8 CERTIFIED Product Standard, if the individual has not demonstrated satisfactory participation and commitment to the course.

OPERATIONAL ENVIRONMENT

Not applicable.

PORTABILITY ENVIRONMENT

Not applicable.

OVERRIDING STANDARDS

ANSI/IEEE 1471:2000³ is an overriding standard for the optional conformance requirement relating to ANSI/IEEE 1471:2000.

There are no other overriding standards for this Product Standard.

INDICATORS OF COMPLIANCE

Completion of the TOGAF 8 TRAINING Conformance Statement, which shows how the actual syllabus of the course(s) comprising the product being submitted for registration to the TOGAF 8 TRAINING Product Standard map to the conformance requirements listed above.

MIGRATION

This Product Standard has been revised to clarify requirements based on Corrigendum U060.

Issue

Issue 1.1.

3. ANSI/IEEE 1471:2000, IEEE Recommended Practice for Architectural Description for Software-Intensive Systems.
