### About Brokers

Brokers are:

- Advertising and marketing companies
- A way for Accredited Training Course (ATC) Providers to market their courses
- Not commercial training organizations

### More Information

Information about ATC accreditation fees is available at: <http://certification.opengroup.org/training-course-accreditation-fees>.

Legal agreements for ATC accreditation are available at: <http://certification.opengroup.org/training-course-accreditation-docs#accreditation-legal-docs>.

### About The Open Group

The Open Group is a vendor-neutral and technology-neutral consortium, whose vision of Boundaryless Information Flow™ will enable access to integrated information within and between enterprises based on open standards and global interoperability. The Open Group works with customers, suppliers, consortia, and other standards bodies. Its role is to capture, understand, and address current and emerging requirements, establish policies, and share best practices; to facilitate interoperability, develop consensus, and evolve and integrate specifications and Open Source technologies; to offer a comprehensive set of services to enhance the operational efficiency of consortia; and to operate the industry's premier certification service. Further information on The Open Group can be found at [www.opengroup.org](http://www.opengroup.org).
