Prerequisites

- ❑ You are assumed to have read the TOGAF Certification Primer Introduction presentation prior to viewing this presentation

TOGAF Commercial Licensing

If you wish to use submit a product or service for certification to one of the following Product Standards a TOGAF Commercial License is required.

- TOGAF 7 Professional Services
- TOGAF 7 Tool Support
- TOGAF 7 Training
- TOGAF 8 Professional Services
- TOGAF 8 Tool Support
- TOGAF 8 Training

The type of commercial license required depends on the version of TOGAF, so for example TOGAF 7 Product Standards require a TOGAF 7 Commercial License, whereas the TOGAF 8 Product Standards require a TOGAF 8 Commercial License.

If your organization is a member of The Open Group's Architecture Forum it can obtain an Annual Commercial License for TOGAF for no additional charge after completing the additional appropriate paperwork for the license.

The TOGAF Commercial License Agreement is between your organization and The Open Group and requires signature. The TOGAF Commercial License agreement only needs to be entered into once per organization. It needs to be renewed annually. When it is in place multiple products or services can be submitted for certification to the above Product Standards.
