## LICENSE

For and in consideration of membership in good standing of The Open Group Architecture Forum or, in the case of non-members, payment of the applicable annual license fee stipulated above, The Open Group grants the organization ("the Licensee"), who wishes to use the methods, resources, and associated documentation suite ("**the Documentation**") known as the Open Agile Architecture™ Standard (also known as the O-AA™ standard), a non-exclusive copyright license **for any purpose (including use for commercial gain) subject to Clauses 1 to 8 below**, provided that:

- A. The Licensee has paid the Annual License fee relating to commercial use of the Open Agile Architecture Standard;
- B. All existing copyright and trademark notices are retained in all copies or extracts of the Documentation; and,
- C. All existing copyright and trademark notices and this License notice appear in all supporting documentation

By way of example, commercial purposes include but are not limited to developing or providing Open Agile Architecture (or O-AA) Enterprise or IT Architecture solutions and related services, products, tools, platforms, training, or consultancy for use within another organization. Where this License is granted to an Academic member, its scope is limited to its Faculty.

The following conditions apply to the use of the Documentation:

### 1. COMMERCIAL USE

- 1.1. The Licensee may use the Documentation internally for any purpose, including use involving commercial exploitation of the Documentation. In particular, the Licensee may use it in digital or agile transformations, or to develop an Enterprise or IT Architecture for use within one or more other organizations or to provide training materials and services in the field of agile architecture.
- 1.2. The Licensee may use the Documentation to develop derivative works (subject to the conditions listed below) to support the Licensee's work in the field of Enterprise or IT Architecture.
  - A. For the purpose of this License, "derivative work" shall mean any change to the Documentation or any new document that contains any portion of the Documentation.
  - B. Licensee shall retain all right, title and interest in the changes or additions it makes to the Documentation, but nothing herein shall be deemed to transfer any right, title or interest in the Documentation to the Licensee.
  - C. In any derivative work, Licensee shall always fully acknowledge the right, title and interest of The Open Group in the original Documentation and shall not claim or imply that any derivative work of the Documentation is the official Open Agile Architecture Standard (or O-AA standard) Documentation.

### 2. REDISTRIBUTION OF THE DOCUMENTATION

- 2.1. The Documentation may be redistributed, in part or in whole, by the Licensee to any permanent or consultant employee within its organization, provided:
  - A. All existing copyright and trademark notices are retained in all copies of the Documentation;
  - B. In any derivative works, the Open Agile Architecture Standard (or O-AA standard) is acknowledged as the source; and,
  - C. All existing copyright and trademark notices and this License appear in all derived supporting documentation.

For the avoidance of doubt and purposes of this License, individual contractors, who do not represent themselves or offer their services commercially as Enterprise or IT Architecture practitioners, shall be regarded as “permanent employees” of the Licensee.

## 2.2. REDISTRIBUTION OUTSIDE THE LICENSEE ORGANIZATION

- A. Redistribution of the Documentation, in part or in whole, is not permitted to anyone who is not a permanent employee of the Licensee, **except that** Licensee may reproduce parts of the Documentation in its external literature for the purpose of furthering its work in the Enterprise or IT Architecture or field (for example, in Requests for Product, or in other information communicated to potential service providers or product suppliers), provided that all existing copyright and trademark notices appear in all such external uses of the Documentation.
- B. In particular, contracting companies and individuals representing themselves or offering services as Enterprise or IT Architecture practitioners, needing to use the Documentation in order to perform work on the Licensee’s behalf, must obtain their own licenses.

## 3. PROTECTION OF THE OPEN GROUP INTELLECTUAL PROPERTY RIGHTS

- 4. If the Licensee wishes to contract Enterprise or IT Architecture services companies or individuals (other than permanent employees) to undertake work on its behalf using the Documentation, the Licensee must use all reasonable efforts to ensure that such companies or individuals have a current Open Agile Architecture commercial license (which they are legally required to have, in order to undertake such work).

Notwithstanding the foregoing, in the event that there is a use by a non-licensed Enterprise or IT Architecture services company, consultant, or individual, then Licensee has no liability.

## 5. CERTIFICATION RESTRICTION

- 5.1 The Licensee may not issue any certification that purports to be Open Agile Architecture or O-AA Certification unless by explicit agreement with The Open Group.
- 5.2 For the avoidance of doubt, this license grants **no rights** over use of The Open Group certification trademarks and no rights to imply certified product(s) or services that grant certification.

## 6. TRADEMARKS

Open Agile Architecture and O-AA (“the Trademarks”) are trademarks of The Open Group in the United States and other countries. For the avoidance of doubt, this License grants **no rights** to the commercial exploitation of the Trademarks. By way of example, commercial exploitation of the Trademarks includes, but is not limited to, using the Trademarks (e.g. Open Agile Architecture, O-AA) in the naming of a product, or service. Permission for such use may be obtained by separate agreement such as, for example, under The Open Group Certification or Accreditation Programs, when such become available.

Care should be exercised in using the Trademarks to describe an Open Agile Architecture or O-AA technology solution, product, service, or training course. Unlike rights derived from patents and copyrights, which provide protection for only a limited number of years, trademark rights can last forever; trademark rights can also be lost forever. The exclusive right granted in a trademark is usually lost as a result of careless or improper use, usually by allowing the mark to be used as a generic or descriptive word for products or services. The clauses in this section governing the use of the Trademarks are inserted to enable The Open Group to preserve these trademarks for the benefit of the community.

- 6.1 The Trademarks must never be superimposed on or used in association with other graphics or logos.

- 6.2 When used to refer to the name of the standard covered by this License, the Trademarks may be used to describe an Open Agile Architecture solution, product or service; however, the Trademarks may not be used in conjunction with product or service names, training course names, domain names, business names, logos, and similar usage without prior permission from The Open Group through certification or accreditation.
- 6.3 The Trademark must not be used as a noun or verb, but always as an adjective; an appropriate generic term must appear after the Trademark the first time it appears and as often as it is reasonable after that (e.g., Open Agile Architecture standard, O-AA framework).
- 6.4 The first or most significant occurrence of the Trademarks should be acknowledged using the ™ symbol. The Trademark acknowledgement is also requested on subsequent pages if the topic is different or if pages can be separated or appear independently. It is acceptable to use an asterisk in place of the trademark symbol where the medium used (for example, electronic mail) cannot reproduce the ™ symbol. However, this does not authorize use of the asterisk as the norm.
- 6.5 All materials that include the Trademarks must include the correct trademark attribution, "Open Agile Architecture and O-AA are trademarks of The Open Group in the United States and other countries." The attribution may be translated to national languages. Blanket or generic attributions, such as: "All trademarks are the property of their respective owners," are not acceptable.
- 6.6 The Open Group reserves the right to change its trademarks at any time, at its discretion.

## 7. INCLUSION IN LISTING OF LICENSEES

The Open Group reserves the right to include the Licensee's name in a published list of organizations that have taken out this License found at <https://www.opengroup.org/o-aa-commercial-licensees>.

## 8. DISCLAIMER OF WARRANTY

This Documentation is provided on an "AS IS" basis, without warranty of any kind.

THE OPEN GROUP DISCLAIMS ALL WARRANTIES WITH REGARD TO THE DOCUMENTATION, INCLUDING ALL IMPLIED WARRANTIES OF SUITABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE. IN NO EVENT SHALL THE OPEN GROUP BE LIABLE FOR ANY SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES OR ANY DAMAGES WHATSOEVER RESULTING FROM LOSS OF USE, DATA OR PROFITS, WHETHER IN AN ACTION OF CONTRACT, NEGLIGENCE OR OTHER TORTIOUS ACTION, ARISING OUT OF OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE DOCUMENTATION.

## 9. GENERAL

- 9.1. This Annual Commercial License renews automatically and is valid provided that payment of its annual fee is received by The Open Group as follows:
  - A. As a member in good standing of The Open Group Architecture Forum, no additional fee is required, and this license automatically renews on the anniversary of the membership.
  - B. As a non-member of The Open Group Architecture Forum, unless the Licensee gives The Open Group (60) days written notice prior to its anniversary that the Licensee does not intend to continue using The Open Agile Architecture Standard for commercial purposes, this License will be automatically renewed at its anniversary, at which date the then current license fee is due.
- 9.2. The Open Group may terminate this License if the Licensee fails to comply with the terms of this Agreement. If The Open Group does so, the Licensee must immediately destroy its copies of the Documentation and discontinue all use.

- 9.3. Neither the Licensee **nor The Open Group is responsible for failure to fulfill any obligations** due to causes beyond its control.
- 9.4. This License agreement shall be governed by the laws of England and Wales and all disputes relating to this License agreement shall be submitted to the exclusive jurisdiction of the English courts.
- 9.5. The parties hereto acknowledge that they have read this Agreement and understand it, and they agree to be bound by all its terms and conditions. They further agree that this Agreement constitutes the full and complete understanding and agreement of the parties hereto and supersedes all prior or contemporaneous oral or written communications, understandings and agreements. Any waiver, modification or amendment of any provision of this Agreement shall be effective only if in writing and signed by the parties thereto.
- 9.6. This License is dated on the last day countersigned below and the license granted takes effect upon payment of the annual license fee stipulated in Section 9.1 above.
